

# NPC 铁硅系列(20~100kHz)

面向SiC时代的新磁性材料技术

New magnetic material technology facing the SiC era

## 特点 Features

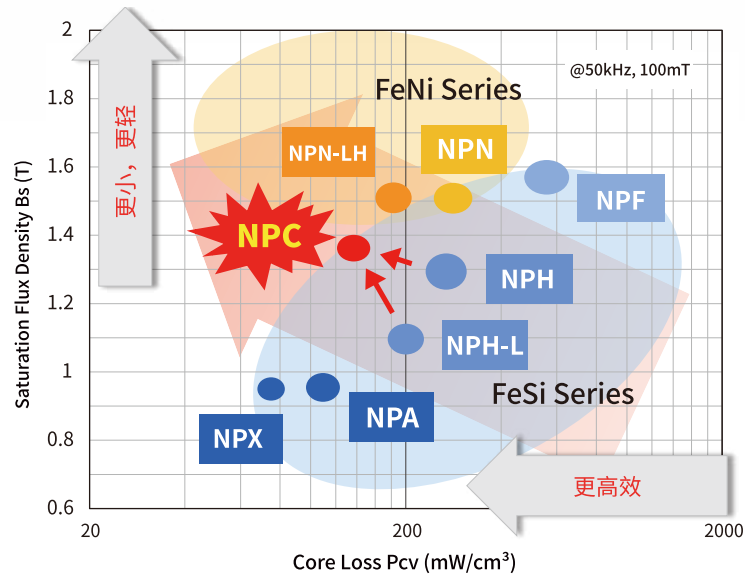

- 优异的直流叠加特性  
Excellent DC bias performance
- 低损耗  
Lower loss
- 稳定的温度及频率特性  
Excellent temperature & frequency stability
- 高性价比  
Cost effective

## 应用 Applications

- 光伏逆变器  
PV inverter
- 工业电源  
Industrial power supply
- 储能系统  
Energy storage system
- 服务器电源  
Server power supply

## ● 损耗和直流叠加能力的双重提升 Improvement of loss and DC bias at the same time

## ● 损耗及直流偏置曲线 Curves for core loss and DC bias performance
